

# THE BLUE DRAGON OF WRATH

Charah

The blue dragon is just like a storm on the sea  
A tempest of fury without a reprieve  
The heart is consumed with anger and rage  
Wrath is the spotlight on this dragon's stage  
But peace can be found, just ask JP11  
His witness is like the sky oh so blue  
He forgave his assassin, like our Lord on the cross  
Slaying the dragon so souls won't be lost  
When wrath creeps inside you and you want it to cease  
The armor of choice is the boots of peace
