By Sir Roland Paterlot

1

TRY YOUR BEST AND LET GOD DO THE REST

- You have to give your best effort and show up
- You must trust in God's Grace
- Only weapon that can defeat them is Grace

TO KILL THE FRUIT OF THE DRAGON; YOU MUST GET TO THE ROOT OF THE DRAGON

- You have to pull out the root of the problem or it can fester and become infected
- The solution is to stop playing with the fire
- Don't minimize your sins, get rid of the sins

2

3

IF IT SEEMS THE DRAGONS AREN'T ATTACKING, CHECK YOUR PULSE, IT'S PROBABLY LACKING

- If you aren't out trying your best, you are not a threat.
- They probably already defeated you and you don't even know it.

IF YOU LET THE DRAGONS HOVER NEAR; BEWARE THE DRAGONS MAY DISAPPEAR

- If you are saturated in stink, you cannot smell your own stink
- You won't be motivated to fix something you no longer can tell is wrong

4

5

YOU CANNOT HIDE FROM THE DRAGONS TOXINS: EITHER SLAY OR BE SLAIN THERE IS NO THIRD OPTION

- Face them with courage, trust and grace
- Slay the dragons, fight with passion and zeal

IF A SINGLE DRAGON IS YOUR FRIEND THEN ALL OF THEM MAY BE YOUR END

- If you give dragons a little bit, they try to take everything.

6

7

FORM YOUR CONSCIENCE AND THEN USE IT; LEST THE DRAGONS MAKE YOU LOSE IT

- Vitally important to know your faith
- Know what is right and wrong
- Examine your conscience
